Thank You

I Believe-track 2

My mind can't stop thinking about
Your goodness
My heart can't stop singing of Your deeds
My hands can't stop praising You
For all your wonderful gifts to me
Because Your love is better, better than anything

I want to thank You with my songs
I want to thank You with my life
I want to thank You for Your son
And for His loving sacrifice
I want to thank You with my songs
I want to thank You with my life
I want to thank You for Your son
And for His loving sacrifice
I will not forget to say thank You

My mouth can't stop speaking about Your
kindness
My eyes can't stop seeing all Your grace
My feet can't stop running after You
Until I see You face to face
Because Your love is better,
Better than anything

I want to thank You with my songs
I want to thank You with my life
I want to thank You for Your son
And for His loving sacrifice
I want to thank You with my songs
I want to thank You with my life
I want to thank You for Your son
And for His loving sacrifice
I will not forget

I will live my life to worship
I will live my life to worship (echo)
I will live my life to worship You

I want to thank You with my songs
I want to thank You with my life
I want to thank You for Your son
And for His loving sacrifice

I want to thank You with my songs
I want to thank You with my life
I want to thank You for Your son
And for His loving sacrifice

I will not forget

I want to thank You with my songs
I want to thank You with my life
I want to thank You for Your son
And for His loving sacrifice

I want to thank You with my songs
I want to thank You with my life
I want to thank You for Your son
And for His loving sacrifice

I will not forget
To say thank you
